ALFAZAL

AL Fazal Engineering

Solar energy is power from the Sun. It is a vast, inexhaustible, and clean resource. We can use this energy directly to heat and light homes and business hubs. Similarly, we can also produce electricity, heat water, solar cooling and a variety of other commercial and industrial uses.

IP65

- Protected against water jets from any angle.
- Dust tight. No ingress of dust.

## Why Choose a RENEWABLE ENERGY PLAN?

We Use only IP-65 Inverters

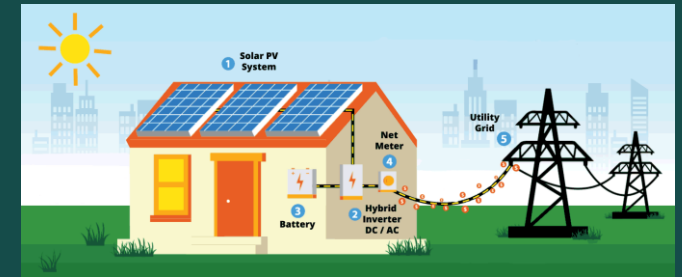

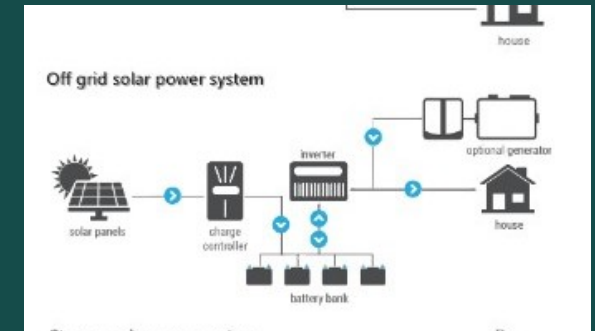

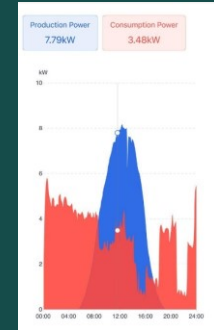

# What We Do...

In the segment of Industrial Electrical Installation & Equipment, which is a core of any Industry, Our clients varies for Oil & Gas, Cement, Chemical and Transportation Industries. Therefore we offer to install On-Grid, Hybrid and Storage Systems.

## Our Objectives...

- Doing Right things in right way.
- Maintain Quality Assurance
- Following Timelines
- Ensure Safety.
- Follow International Standards of work quality (IEC, BC).
- Stay connected through our 24/7 online Monitoring System.
